Testimony of Mr. Nathan Mathews, a highly respectable and wealthy citizen of Newark, N. J.

Dr. G. W. Hatsex:—I believe your Forest Wine and Pills have been 'he means of saving my life. When I commenced taking them I laid at the point of death with Dronsy, Piles, and Ashima. My physicians had, given me over as past cure, and my family had lost all hopes of my recovery. While in this dreadful situation, your Forest Wine and Pills were procured for me, and before I had finished the first bottle of the Wine and box of Pills, I experienced great relief; my body and limbs, which were greatly swollen, became sensibly reduced. Hopes of my recovery began now to revive, and after continuing the use of your medicines for about a month, the Piles and Ashima were completely cared. The Dropsy, with which my life was placed in such great danger, was also nearly gone. I have continued the use of your medicines until the present time, and I now enjoy as perfect health as ever I did in my life, almough I am nore than sixty years of age.

Yours, respectfully.

Dr. Hatsey, Dear Fir:—Having taken your Forest Wine and Pills to remove a disease of the Liver, from which I have suffered severely for upwards of ten years; and having athered closely to the directions which accompany the medicines. I have recovered my health now withstanding all who knew me thought my case incurable. Previous to taking the Wine and Fills, I had recourse to the best medical treatment, but continued to grow worse to an alarming degree. Some of my friends spoke despairingly of my case, and tried to persuade me from making use of any severtised remedies; and I doubt not, but what there are huntreds who are dissuaded from taking your excellent medicines, in consequence of the deception and inefficiency of many advertised remedies put forth by unprincipled men, in flaming advertisements. But, what a pity it is, that the deception used by others, should be the means of dissuading many laboring under disease, from making trial and being cured by your excellent remedies. Hummanity, speaking, they have saved my livic; when I commenced making, they have saved my livic; when I commenced making, they have saved my livic; when I commenced making, they have saved my livic; when I commenced making, they have saved my livic; when I commenced making use of them, I was in a wrettened condition, but began to Xperiencelleir good effects in less than three days; and in six weeks from the time I purchased the medicines, to the great surprise of all my friends, I was matrely cared, and had increased fitteen pounds in weight, having taken one box of the Pills, and two bot the sair the Wine. Would to God that every poor suffer er would avail himself of the same remodies.
